Presidents Report 2/11/2019.

Good morning and welcome,

Since forming this small group on 22/11/2014 we have achieved our goal which was to return our church and cemetery to the people of Bruny Island as I am sure the original donors of the land intended, thank you Spong family.

We have repaired and cleaned, mowed and snipped, raked and burnt debris and should all be proud of our work.

We have an advert in each Bruny News offering our facility to all denominations for their service. Our Webmaster Alan Bottomley has posted our website and keeps it updated and for this he deserves a huge thank you.

Our market group have attended many celebrations around the island and have made regular small contributions to our funds.

We have had a few very generous donations to our toilet restoration fund and will continue to work towards a more modern hygienic ablution Block.

Due to the move to Queensland I have stepped back from the job of President but will continue to monitor and attend meetings when possible .

I wish my successor good luck and sincerely thank all of your for your support and encouragement.

Perri Bottomley. President 22/11/2014 to 2/11/2019.
